

BRIEFLETS.

—Go hear the preachers to-morrow.
—The school children have commenced their vacation.
—June woke up with its teeth chattering this morning.

—The show windows are being crowded with Fourth of July materials.

—The last day and evening in which to look at the pictures. Don't fail to see them.

—Mrs. Henry Fayille, of Delavan, was in the city yesterday visiting her parents and returned home to-day.

—Mr. Fred L. Dickerman returned to-day to his post of duty, having been absent for a week's recreation in Chicago and vicinity.

—Mr. Joe B. Doe Jr., has returned from an extended visit to Iowa, having been a portion of the time with his brother Charles who is located at Laviola, Iowa.

—Mr. Frank L. Tappan is getting his museum in shape to open next Wednesday. He has already about 1,000 different articles and animals in his collection.

—The Lotos will make two trips to-morrow, leaving her dock at 2 and 4 o'clock p.m., and on the final trip running to Hume's bridge. A tree lunch will be provided at Crystal Springs.

—A fine new hotel called the Decker House has been opened in Maquoketa, Iowa, lately, and it has been leased to Mr. O. N. Bagbee, who formerly was in the livery business in this city.

—It is decidedly mean for an editor to go with a man to rob a bird's nest, and after doing all the climbing and all the robbing himself, to come out in the next issue of his paper and charge it on the other fellow.

—Frank Brooks, the valedictorian of the law class at Madison, is at home again, and is receiving many warm congratulations on his graduating address. He will remain for a while at least in the law office of Pease & Rogers.

—Mr. Frank Barnett, who is now dealing out dry goods at Cedar Rapids, Iowa arrived in the city this morning and will remain over Sunday. He reports business as brisk, and is looking as though he was in excellent health.

—The members of the Baptist church and Society will meet after the morning services to-morrow to talk over the question of calling a pastor. There seems but little doubt but that Rev. Mr. Chappell will receive an invitation to come here.

—Another glass-ball shoot took place last evening. The best scores were made by Fenner and Comstock who cracked ten each at twenty-one yards. Williams, Fritz and Valentine also cracked nine, out of a possible ten, all the trials being at twenty-one yards rise.

—The motion for a new trial in the Snell case will come up before Judge Conger next Monday. In support of the motion will be affidavits claiming that new evidence has been discovered, one point of which is that Van Epps showed one of the silver spoons to a Miss Fox, a day or so after the robbery. The case will be watched with close interest by the public generally.

—The sale of seats for the lecture to be given by Rev. Joseph Cook, at the Congregational church, July 2, opened to-day at Mosley's. No one can afford to miss the chance of hearing what this wonderful orator has to say about "Does Death End All?" Step up early and get your seats reserved, as there is no extra charge for checking off your places in advance, an even half-dollar paying all the bills for one. —Among the oil paintings exhibited in the loan art collection is a very pleasing little picture, the work of Mrs. Josiah Hart, formerly of Janesville, and now residing at Brussels, who sent it as a present to a friend in this city. It is called "The Rendezvous," and represents a lover waiting in the forest for his mistress. The expectant swain is clad in the costume of two hundred years ago, and every detail of the gray suit with its slashed sleeves and blue facings is faithfully painted, while the bashful happiness of the lover's face is true to the situation in any age. The green forest bower which forms the back-ground is also beautifully executed, and the whole picture is worthy of a very close and careful examination.

A HAPPY TIME.

Will Jeffris' Compliments to the Beloit Juniors.

One of those pleasant events which causes pleasant remembrance to linger in its wake, occurred last evening at the residence of our esteemed townsman, David Jeffris, it being the occasion of a social class reunion extended by Master William Jeffris to his class mates of Beloit College, and a goodly number of his Janesville friends. The spacious parlors were made more enchanting by a profusion of choice flowers very tastefully arranged by skillful hands. At an early hour the guests began to arrive, and it was not long before the parlors were filled with as merry an assembly of young ladies and gentlemen as could possibly be gathered together. Among the Beloit guests were: Miss Clark, Miss Merrill, Miss Redfield, Miss Chapman, Miss Bentley, Miss Frost, Miss King, Miss Durham, Miss Bushnell, Mr. Butts, Mr. Durham, Mr. Crosby, Mr. Winslow, Mr. Wilcox, Mr. Johnson, Mr. Metcalf, Mr. Will Jeffris, and Mr. Brewer.

Our Janesville young ladies contributed much to the pleasure of the evening by giving some excellent music, both vocal and instrumental. Among those may be mentioned Miss Ella Peterson, Miss Emma Josslyn and Miss Battle. These young ladies are too well known for their proficiency in music to need any special praise from us. Suffice it to say that their renderings were very justly appreciated by those present last evening.

Mr. Metcalf, of Beloit, gave a very good instrumental selection, which was much enjoyed. After a session of social converse and music, Mrs. David Jeffris presented her compliments in the form of a happy refreshment. When the "wee sma" hours approached the guests departed for their homes with the consciousness that they had a most enjoyable evening.

HERE THEY ARE.

I take the liberty to add, that upon the fitness of the appointments made depends the degree of efficiency reached by our schools. As representatives of the community in educational matters, your own work is estimated by the character of work done in the schools, while your own reputation, as your Superintendent, rests largely upon the character of the assistant and ward teachers furnished. Hence, the above list of nominations has been drawn with care and anxiety to secure the best interests of the schools in charge, regardless of individual concerns. Adhering, so far as possible, to the well known policy of the Board of Education, to employ resident teachers, when fitness can be had, the selections are made only on the basis of merit and tried material.

After considering the wants of certain schools and the quality of work done by teachers in your service, we have made such a distribution of the forces at our command as seems to us best calculated to improve the management and advance the standard of our schools.

In making these changes, our aim has been to strengthen the weak points without detriment to the service in general.

We earnestly urge the appointments suggested, believing, as we do, that the greatest good to the greatest number will be secured.

Very Respectfully,
K. W. BURTON, Superintendent.

The Board fixed upon the following wages per month: First assistant in the High School, \$65; second assistant, \$50; third assistant, and all teachers of grammar department and principals of buildings, \$40; teachers of first intermediate departments, and of second intermediate departments, \$35; teachers of first primary departments, \$25; second primary teachers, \$22.

The following janitors were appointed for next year:

Fourth Ward—J. W. Wilbur.
Fifth Ward—Richard Skelly.
Central Building—John Speng.

SUDDEN AND TERRIBLE.

Stewart Crisman Thrown from His Wagon and Instantly Killed.—The Details of the Sad Occurrence.

A fatal accident occurred near Afton yesterday noon which ended the life of Stewart Crisman, a farmer who has lived in this county for years. He was driving out of the corn field, where he had been at work during the forenoon, and just as his team passed out through the gate on the way home to dinner they became frightened at something and started on the dead run, but had proceeded but a few rods when they ran straddle of a tree and the front end of the wagon in which Crisman was seated brought up with a sudden jerk against the trunk of the tree, and throwing Crisman out head first, caused him to strike the tree in such a way as to break his neck instantly. The horses becoming disengaged from the wagon started for the barn, and on reaching it of course caused alarm to the son who had preceded his father from the field. He started back down the road and found the lifeless body of his father lying there in a pool of blood, death having doubtless been instantaneous.

Mr. Crisman was a native of Wilkes-barre, Pennsylvania, from which place he removed to this State over thirty years ago. He was a man about sixty years old and leaves a wife and seven children. The farm which he was living upon belongs to Mr. Lyman Inman, and the deceased left little, if any, property besides his personal effects. He is highly spoken of by those acquainted with him in his every-day life, and his sudden and terrible death will call forth for his family the liveliest sympathy of many friends. The funeral services are to be held to-morrow morning at Plymouth church at 10 o'clock. Rev. W. H. Eddy will officiate.

Mr. Crisman was a brother-in-law of Mrs. Crisman who died so suddenly some weeks ago, while witnessing the baptism of some of her children in the town of Plymouth.

THE WEATHER.

The thermometer at 7 o'clock this morning stood at 54 degrees above zero, and at 2 o'clock at 65 degrees above. Clear and breezy. One year ago to-day at corresponding hours the thermometer stood at 59 and 73 degrees above.

The indications to-day are, for the lake region, west to north winds, cooler, cloudy followed by warmer partly clear weather, occasional rains, and falling barometer.

THE ART SHOW.

The following valuable additions have been made to the Loan Art Exhibition to-day: Winter, by Hunt—Mrs. E. McKee; Calm Storm, portrait of Mrs. Erwin, loaned by Mrs. H. D. McKinney.

The exhibition closes to-night at ten o'clock, not to be opened again this season. Owing to the church being occupied by the pictures, which cannot be removed until Monday, there will be no services at All Souls to-morrow.

STRONGER SUSPICIONS.

Young Ohm's Boots Fit the Tracks in the Earth.—The Family Dog Found at Jada.

But little additional news is learned to-day concerning the Ohm murder, but that little is of more than a trivial nature, and will prove quite strong evidence against the son if the same proves to be truth, on being subjected to the scrutiny of the law and given the solemnity of the oath. It seems that by comparing the boots of young Ohm with the tracks in the path near the murder, it is found that they fit exactly. One heel was run over somewhat and this peculiarity is strongly marked in the earth.

Another very suspicious circumstance is the fact that the dog which belonged to the family was found the next morning after the murder, at Jada, where it is claimed young Ohm got on the train for Janesville. It is claimed that the dog would not follow any one except members of the family, and if this is so, it looks as if the young man was the one whom the dog followed to Jada, and that this accounts for the finding of the dog there away from home.

The community especially in the vicinity of the murder is greatly excited and all sorts of strange rumors are afloat.

The daughter of the murdered man has not yet been arrested and will not be probably until at least after the funeral. There are many who look with suspicion upon the other members of the family, but there seems to be yet no definite ground for charging any of them with complicity. It is understood that the chief cause of suspecting the sister is the fact that in some of her testimony before the Coroner, her statements did not seem as clear and straightforward in some particulars as was to be expected from an innocent witness.

Womanly Elegance and Grace.

There are few among our fair readers who would not gladly possess the royal complexion, the beautiful form, the cheerfulness and elasticity of spirits, that good health always imparts. Parker's Ginger Tonic will restore these feminine attributes to thousands whose shattered constitutions are due to functional derangement. It radically cures Dyspepsia, gives tone to the enfeebled organs, dissipates Headache, Neuralgia and Nervousness, relieves painful periods, and safely establishes regularity of the female functions. It soothes the nerves, imparts ease and strength to mothers themselves, and through the milk to their nursing babes, prevents the Nausea and Constipation peculiar to ladies in a delicate condition, and greatly relieves the sufferings of this period. It acts like a charm on the digestive machinery, speedily counteracts the weakening effects of a course of excessive heat, injudicious diet, or impure water, and is warranted to cure the worst forms of Colic, Cramps, Diarrhea, Dysentery, Bloody Flux, Cholera Infantum, and even Asiatic Cholera if taken in time. "Dobbins' Electric Soap."

Having obtained the agency of this celebrated Soap for Janesville and vicinity, I append the opinion of some of our best people to its merits. I have washed with "Dobbins' Electric Soap" made by L. L. Cragin & Co., Philadelphia, Pennsylvania, and pronounce it the best soap I have ever used. The rapidity and ease with which it enables one to do one's washing is really surprising. Boiling the clothes is entirely unnecessary and no rubbing is needed. I would not be without it. NELLIE KENNISTON.

I have no hesitation in saying that no house-keeper should be without Dobbins' Electric Soap. I can heartily recommend it, it is a charm in the wash-tub. ELIZA P. LELAND.

As time, labor and money saving article, I take pleasure in recommending Dobbins' Electric Soap to my neighbors. It promises, washes and does all it promises. MARY THOMAS.
